Admission & Scholarship Process

International Student Admission Process at UMT (OIC Scholarship)

Step 1: Admission Application

The admission process begins when an international student submits an application to the Office of Admissions (OIA) at UMT. The Office of Internationalization (OIN) refers prospective international applicants to OIA for further processing. For detailed admission procedures, eligibility criteria, and application guidelines, applicants are advised to visit the Office of Admissions (OIA) website at:

<https://admissions.umt.edu.pk/>

Step 2: Application Registration and Document Verification

After receiving the application, the Admission Office registers the application and verifies the student's international educational documents with OIN facilitation to ensure authenticity and compliance with UMT's admission criteria. The applicants can apply online directly for the admission.

Step 3: Admission Test (Online/Physical)

Office of Admissions (OIA) conducts admission tests/interviews, which are compulsory for certain degree programs, including BS (Engineering, Architecture, City & Regional Planning, and Law).

Students who have scored less than 60% in their prior qualifications are also required to appear for the admission test.

Admission tests/interviews are mandatory for all MS/MPhil degree programs.

For online tests and interviews, the Zoom link will be shared via the student's registered email address.

For detailed information regarding the admission process, please visit the OIA website: <https://admissions.umt.edu.pk>

Step 4: Admission Confirmation

Upon successful completion of the test and interview, the Office of Admissions, in coordination with the relevant academic department, confirms the student's admission. The admission decision and results are officially communicated to the student via their registered email address.

Step 5: Review and Approval for Changes

In case a student requests any changes, including a program change or modification in scholarship discount, fresh approval must be obtained from the relevant university offices before implementation.

Step 6: Fee Voucher Generation

After availing the 90% scholarship, Office of the Treasurer (OTR) issues the fee voucher, which reflects only the remaining 10% of the applicable international tuition fee. This can be seen on the given link below

<https://oin.umt.edu.pk/international-students.aspx>

Step 7: Student ID Generation

Office of the Registrar (ORG) issues the student ID upon completion of the admission process. The student ID will be generated after the payment of the applicable tuition fees.

Step 8: Visa Process

The visa process will begin after completion of all the above-mentioned stages.

- A Bonafide Letter will be issued by PRS/ORG:

Regular processing fee: Rs. 1,000 (2–3 working days)

Urgent processing fee: Rs. 1,500 (1 working day)

- A Student Card will also be issued by PRS.
- A Confirmed Admission Letter will be issued by the Office of Admissions (OIA).
- HEC-NOC is applied through Office of Internationalization (OIN) in UMT.

Students are required to submit the necessary documents for the NOC application. To Office of Internationalization (OIN) and the entire process typically takes 2 to 4 weeks.

After NOC is received by the university the OIN will share it with the applicant. This is when the applicant applies for the student visa.

After receiving the visa, the student arranges for travel to Pakistan. After arriving in Lahore, the student joins UMT and starts studying for the chosen qualification.

Fee Structure International Students UMT (2026 – 2027)

Sr. No.	Program Name	Duration (Years)	No of Quarters	Learning Investment (Total fee) \$	Quarterly Installment (3 Months) \$	Learning Investment (Total fee) \$	Quarterly Installment (3 Months) \$
<i>(Without Scholarship)</i>						<i>(After securing the Scholarship)</i>	
						After 90% Tuition Fee Waiver

<p>Note: The program fee may be revised during the degree program. At UMT, the fee is paid every three months. There are two quarterly fee payments in each semester. In an academic year, quarterly fees are paid in September, December, March, and June. There is 5000 PKR (20 USD) semester registration fee in each semester.</p>							

UMT

Cost of living in Pakistan as International Student

Living in Pakistan is very affordable for international students, with estimated monthly expenses for a single person ranging between **US\$158–\$345 (approx. PKR 45,000–100,000)**. This covers accommodation, food, transportation, and utilities. Major cities like Lahore are among the cheapest globally, offering low-cost living and, in some cases.

Estimated Monthly Expenses Breakdown

Expense Category	Estimated Cost (PKR)	Estimated Cost (USD)
Accommodation (Shared)	10,000 – 30,000	35 – 100
Food / Groceries	20,000 – 30,000	70 – 105
Utilities & Internet	5,000 – 20,000	18 – 70
Transportation	10,000 – 20,000	35 – 70
Total Monthly Cost	45,000 – 100,000	158 – 345

Cost-Saving Tips for Students

- **Hostels:** Staying in university or private hostels is the cheapest accommodation option. Deposit of 1-2 months is required sometimes.
- **Cooking:** Preparing meals at home is significantly cheaper than eating out.
- **Location:** Choosing accommodation close to campus reduces commuting costs.
- **Transport:** Utilizing public transportation or shared rides is recommended.

Students can enjoy a comfortable lifestyle with access to modern amenities without overspending. This makes Pakistan an excellent choice for students seeking affordable living in Pakistan for international students.
