SWIS Satya Wacana International Scholarsip

Times Higher Education
Impact Rankings 2025

INTRODUCTION

Satya Wacana Christian University (SWCU) was founded in 1956 and is one of Indonesia's oldest private universities. SWCU is also known as Indonesia in miniature since most students come from almost all parts of Indonesia with many different cultural and ethnic backgrounds. Currently, 16,000 students are enrolled in sixty-five (65) study programs in 15 faculties at SWCU.

Satya Wacana International Scholarship (SWIS) is a financial assistance offered by the SWCU to prospective international students coming from their prominent countries to pursue their degree (Bachelor, Master or Doctoral) at SWCU.

GOALS

SWCU offers full scholarships for students to study at SWCU for bachelor's, master's, and doctoral degree programs. This scholarship aims to produce creative minority graduates shaped with compassion, respect, and mindfulness of local and global issues. SWIS also seeks to create a pathway for international students to pursue their dreams, contributes to enhancing civilization and technology, and provides an opportunity to experience living in Indonesia, one of the world's most diverse and vibrant societies. Eventually, the scholarship is expected to build the people-to-people relations between Indonesia and the recipient countries. It aims at nurturing their future leaders.

RECOGNITIONS

SWIS COVERS

- Tuition fee to study at SWCU
